## **INDEPENDENT AUDITOR'S REPORT**

---

**To the Members of Council, Inhabitants and Ratepayers of the Township of South-West Oxford**

### **Opinion**

We have audited the accompanying consolidated financial statements of the Township of South-West Oxford (the "Township"), which comprise the Consolidated Statement of Financial Position as at December 31, 2019, and Consolidated Statements of Operations and Accumulated Surplus, Cash Flows and Change in Net Financial Assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Township of South-West Oxford as at December 31, 2019 and its financial performance and its changes in cash flows and net financial assets for the year then ended in accordance with Canadian public sector accounting standards.

### **Basis of Opinion**

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Township in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Township's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Township or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Township's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Township's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Township to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2019**

---

The Corporation of the Township of South-West Oxford (the "Township") is a lower-tier Township in the Province of Ontario, Canada. It conducts its operations guided by the provisions of provincial statutes such as the Municipal Act, Municipal Affairs Act and related legislation.

**1. Significant accounting policies**

The consolidated financial statements of the Township of South-West Oxford are the representation of management prepared in accordance with Canadian public sector accounting standards.

The focus of these consolidated financial statements is on the financial position of the Township and changes thereto. The Consolidated Statement of Financial Position reports financial assets and liabilities. Financial assets are available to provide resources to discharge existing liabilities or finance future operations. Net financial assets represent the financial position of the Township and are the difference between financial assets and liabilities. This information explains the Township's overall future revenue requirements and its ability to finance activities and meet its obligations.

**a. Reporting entity**

These consolidated statements reflect the financial assets, liabilities, operating revenue and expenditures and accumulated surpluses and changes in investment in tangible capital assets of the Township of South-West Oxford and all committees and boards of Council. These include the following:

Beachville Cemetery Board  
Sweaburg Union Cemetery Board  
West Oxford Cemetery Board  
Beachville Recreation Committee  
Brownsville Community Hall  
Dereham Centre Community Centre  
Mount Elgin Community Centre  
Mount Elgin Fund Raising Committee  
Mount Elgin Recreation Committee  
Salford Community Hall Board

**b. Trust funds**

Trust funds and their related operations administered by the Township are not consolidated, but are reported separately on the Trust Funds Financial Statements.

**c. Accrual accounting**

The accrual basis of accounting recognizes revenue as they become available and measurable; expenditures are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

**d. Non-financial assets**

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the excess of revenue over expense, provides the Change in Net Financial Assets for the year.

**e. Tangible capital assets**

i. Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The costs, less residual value, of the tangible capital assets are amortized on a straight-line basis over their estimated useful lives as follows:

Land improvements	10-50 years
Buildings and structures	30-40 years
Vehicles, machinery and equipment	5-30 years
Infrastructure	15-75 years

Amortization is charged for a half year in the year of acquisition and in the year of disposal.

The Township has capitalization thresholds of \$5,000 to \$25,000, depending on the nature of the asset, so that individual assets of lesser value are expensed unless they are pooled because collectively they have a significant value.

**ii. Leases**

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expense as incurred.

**1. Significant accounting policies continued**

**e. Tangible capital assets continued**

**iii. Contributions of tangible capital assets**

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt. The fair value is also recorded as contributed revenue.

**f. Short-term investments**

Short-term investments are recorded at cost. Market value approximates cost.

**g. Deferred revenue**

Grants, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used to fund certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenditures are incurred, services performed, or the tangible capital assets are acquired.

**h. Financial instruments**

Financial instruments of the Township consist mainly of cash, accounts and taxes receivable. The carrying values of these financial assets approximate their fair values unless otherwise disclosed.

**i. Revenue recognition**

Government grants and transfers are recognized in the financial statements as revenue in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be made.

**j. Use of estimates**

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the period. Actual results could differ from these estimates.

**k. Budget**

The Township's Council completes separate budget reviews for its operating and capital budget each year. The approved operating budget for 2019 is reflected on the Consolidated Statement of Operations and Accumulated Surplus. For capital spending, budgets are set for individual projects and funding for these activities is determined annually and made by transfers from surplus funds and by application of applicable grants or other funds available to apply to capital projects.

**2. Trust Funds**

Trust funds administered by the Township amounting to \$417,827 (2018 - \$412,258) have not been included in the Consolidated Statement of Financial Position nor have their operations been included in the Consolidated Statement of Operations and Accumulated Surplus.

**3. Investments**

The short-term investments of \$3,845,377 (2018 - \$2,542,225) are recorded at market value which approximates cost and are short-term in nature.

**4. Pension agreements**

The Township makes contributions to the Ontario Municipal Employees Retirement Fund (OMERS), which is a multi-employer plan, on behalf of members of its staff. The plan is a defined benefit plan which specifies the amount of the retirement benefit to be received by the employees based on the length of service and rates of pay.

The amount contributed to OMERS for 2019 was \$150,906 (2018 - \$146,794) for current service and is included as an expenditure on the Consolidated Statement of Operations and Accumulated Surplus.

As at December 31, 2019, the Township had no obligation under the past service provisions. The OMERS funding ratio for 2019 is 97.0% (2018 - 96.0%), with the goal of being fully funded by 2025.

Therefore, the taxation, other revenue, expenditures, assets and liabilities with respect to the operations of the School Boards and the County are not reflected in these consolidated financial statements. **17. Subsequent event**

In March 2020, the Province of Ontario declared a state of emergency in response to the COVID-19 virus. The Township has followed the Provincial orders regarding essential services and as a result, has closed some of its services. It is unclear the total financial impact the COVID-19 virus will have on the Township. Federal and provincial funding has been announced with further funding expected. Council and staff continue to monitor the situation.
